

The following was sent out by the Suburban Aquatic League (the swim league of which our team is a part). Please, if you are able to make any donation to help this family it would be much appreciated. SWAC has 141 families this year...if each family gave even a small donation our team could really help this member of league leadership with a sizeable donation.

Checks should be made out to SAL Charities and placed in the Steinberg family folder, Roberta Lichter's US folder, the Lichter family folder in the CBAC boxes at CB East, or dropped off at the community school ASAP. If you'd like to make a donation and can't get to South, East, or the Community School soon, mail your donation to

Central Bucks Community School  
Attention> Roberta Lichter  
16 Welden Drive  
Doylestown, PA 18901

Thanks to everyone.

Jen

To All Teams,

As some of you may have heard Kathy Garro's house caught fire Sunday night. Kathy is our SAL Secretary and has been deeply involved in the league and its committees for many years. Her family got out safe, she also cares for her aging mother, but the house suffered major damage and could be a complete loss. Kathy's car was also lost in the fire. We are collecting money to try to offset their immediate expenses as all they had were the pajamas they were wearing at the time.

Please reach out to your team and ask for assistance at what is supposed to be a joyous and giving time of year. The SAL appreciates any help that our teams are willing to give.

As a note...this family has an 8th grade swimmer as well as 2 college students who have swum in our league.
