

To register for A and/or B champs use the invitationals page of the website. What is displayed is listed as boys or girls B champs. Use this for A champs as well.

The way the process works is that the coaches will get the list of all registrants. They will then attend the A Champs seeding meeting and requested individual events for which the registrant qualifies for As will be accepted. After that, any requested individual events for which the registrant didn't qualify for As will be assigned to B champs.

Once the coaches know who is attending each champs, relay teams will be assigned.

If you are signing up for champs and can only attend one or the other (i.e., you are available on the day of As but not Bs or visa versa) email your head coach - Mike for girls or Julian for boys.

I know this may be confusing...the bottom line (action required) is this: **IF YOUR SWIMMER WANTS TO SWIM ANY CHAMPS, SIMPLY REGISTER FOR THE DESIRED EVENTS USING THE NORTH DIVISION B CHAMPS OPTION (FOR THE APPROPRIATE GENDER) ON THE INVITATIONALS PAGE OF THE WEBSITE BY THE DEADLINE.**

FYI - though there is no direct charge to you now for champs, the team's dues payment is calculated for the next season based on current year A and B champs individual and relay events. Thus, do not register for champs unless you are planning to attend as SWAC (and therefore eventually its participants) will pay more for every registered champs swim whether it's swum or not.
